maintenance reminder does not appear.
9: It is possible to replace at every 100,000km (60,000miles)
10: Roads in area where the pawement rate is 100, or a cloud of dust often arises and the air is dry
11: Visually check the HEV battery cooling intake filter for dirt or dust every 15,000km (10,000miles) and replace if necessary. Replace every 30,000km (20,000miles). A service part (PNC G92DH and G92DL) is available.
